V. Strategic Discussion: Understanding the State of Our System

This conversation will center on what committee members are experiencing across the local workforce network. Rather than a presentation, we will use this time to surface observations and begin identifying where alignment, coordination, or advocacy may be needed.

Each committee member will be invited to briefly share:

- What's changing in your space — staffing, demand, funding, or access?
- Where are you seeing gaps or risks that the system should be aware of?

Discussion Objective: To begin surfacing shared themes and system-level challenges that may require collective response or further exploration.
